

# De luidspreker

Auteur: [Metoc](#)

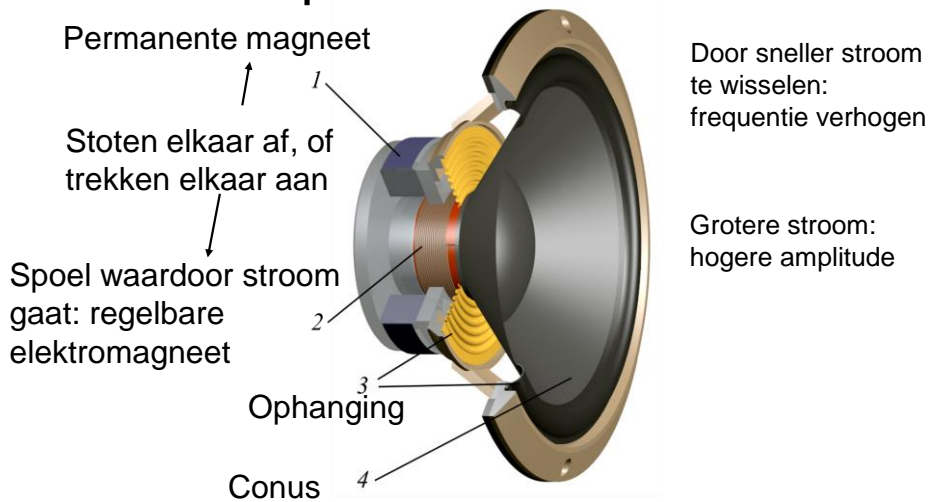

Frequentie: **snelheid van de trillingen**

Geluid zijn luchttrillingen die op onze trommelvlies komen.

Wij maken onderscheid in geluid

Amplitude: **sterkte van de trillingen.**

# Luidspreker: doorsnede

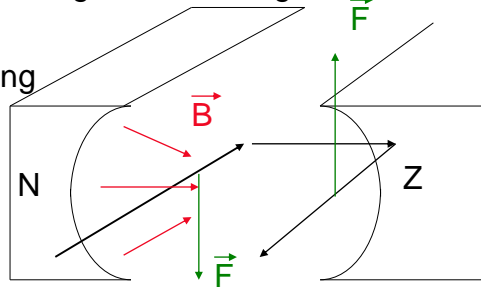

Auteur: [Svjo](#)

# Gelijkstroommotor:krachtwerking

Stroomvoerende geleider in magnetisch veld

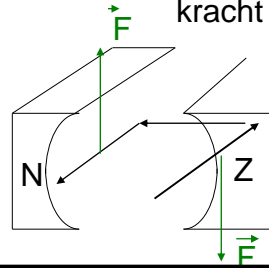

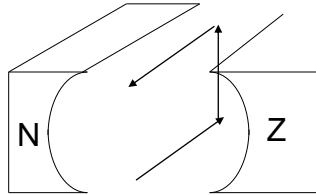

kracht

draaibeweging

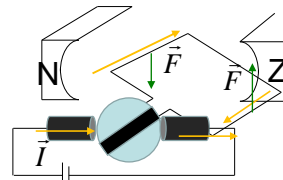

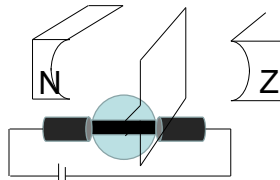

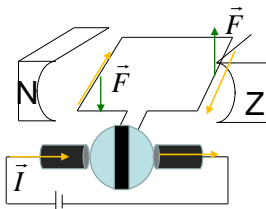

Door draaiing:  
stroom in  
andere zin;  
kracht dus ook

Hier geen kracht

# Ompolen
